STATEMENT OF COMPANY TRAINING POLICY

The Company intends to conduct its undertakings with the competency and training of personnel as one of its major objectives.

The Board of Directors is committed to the well being and continuing development of all Company Personnel and wishes to emphasise the importance placed on Health, Safety, Environmental, Quality, Personal and Professional Training at all levels throughout the Company.

To achieve this objective, equal commitment is expected from Management, Supervision and Employees.

All Training, its aims and effectiveness, will be an issue for review at Management Meetings and a topic for inclusion in all communication and consultation procedures.
